

Jackson Purchase Energy • P. O. Box 4030 • 2900 Irvin Cobb Drive • Paducah, KY 42002-4030

For Immediate Release

March 2, 2007

Contact: J. Patrick Kerr

441-0837 or 1-800-633-4044

Jackson Purchase Energy's contract meter readers, Specialized Technical Services, will be making a change from yellow to silver Jeep Wrangler vehicles.

STS, is the same company JPEC has used to read meters for several years. The change of the vehicle color does not represent a change in the company and JPEC member-owners should not notice any other difference. The vehicles will be identified with JPEC's corporate logo as well as the STS logo.

The change is effective Monday, March 5.

JPEC customers can contact any customer service representative at 800.633.4044 with questions.

Jackson Purchase Energy is a regional electric cooperative serving nearly 30,000 member-owners in six counties of far western Kentucky.
