

JACKSON PURCHASE ENERGY CORPORATION
Net Metering

LEVEL 1
Application for Interconnection and Net Metering

Use this application form only for a generating facility that is inverter based and certified by a nationally recognized testing laboratory to meet the requirements of UL 1741.

Submit this application to: JPEC, 6525 US Hwy 60W, Paducah, KY 42001
Attn: Travis Spiceland, Vice President of Engineering

If you have questions regarding this application or its status, contact JPEC at:
270-442-7321 or Travis.Spiceland@jpenergy.com

Member Name: _____ Account Number: _____

Member Address: _____

Member Phone No.: _____ Member E-Mail Address: _____

Project Contact Person: _____

Phone No.: _____ E-mail Address (Optional): _____

Provide names and contact information for other contractors, installers, or engineering firms involved in the design and installation of the generating facilities:

Energy Source: Solar Wind Hydro Biogas Biomass

Inverter Manufacturer and Model #: _____

Inverter Power Rating: _____ Inverter Voltage Rating: _____

Power Rating of Energy Source (i.e., solar panels, wind turbine): _____

Is Battery Storage Used: No Yes If Yes, Battery Power Rating: _____

Attach documentation showing that inverter is certified by a nationally recognized testing laboratory to meet the requirements of UL 1741.

Attach site drawing or sketch showing location of JPEC's meter, energy source, JPEC accessible disconnect switch, and inverter.

Attach single line drawing showing all electrical equipment from JPEC's metering location to the energy source including switches, fuses, breakers, panels, transformers, inverters, wire size, equipment ratings, and transformer connections.

Expected Start-up Date: _____

I hereby certify that, to the best of my knowledge, all of the information provided in this Application is true, and I agree to abide by all the Terms and Conditions included in this Application for Interconnection and Net Metering and JPEC's Net Metering Tarrif.

JPEC APPROVAL SECTION

When signed below by a JPEC representative, Application for Interconnection and Net Metering is approved subject to the provisions contained in this Application and as indicated below.

JPEC inspection and witness test: Required Waived

If JPEC inspection and witness test is required, Member shall notify JPEC within 3 business days of completion of the generating facility installation and schedule an inspection and witness test with JPEC to occur within 10 business days of completion of the generating facility installation or as otherwise agreed to by JPEC and the Member. Unless indicated below, the Member may not operate the generating facility until such inspection and witness test is successfully completed. Additionally, the Member may not operate the generating facility until all other terms and conditions in the Application have been met.

Call _____ to schedule an inspection and witness test.

Pre-Inspection operational testing not to exceed two hours: Allowed Not Allowed

If JPEC inspection and witness test is waived, operation of the generating facility may begin when installation is complete, and all other terms and conditions in the Application have been met.

Additions, Changes, or Clarifications to Application Information:

None As specified here: _____
